FISCAL IMPACT STATEMENT

LS 6252

BILL NUMBER: SB 71

NOTE PREPARED: Nov 19, 2002

BILL AMENDED:

SUBJECT: Illegal Internet Gambling Sites.

FIRST AUTHOR: Sen. Ford

FIRST SPONSOR:

BILL STATUS: As Introduced

FUNDS AFFECTED: ☒ **GENERAL**
☒ **DEDICATED**
☐ **FEDERAL**

IMPACT: State & Local

Summary of Legislation: The bill makes it a Class D felony to knowingly or intentionally use the Internet to engage in unlawful gambling or professional gambling.

Effective Date: July 1, 2003.

Explanation of State Expenditures: Under current law, unlawful gambling is a Class B misdemeanor. Under the bill, knowingly or intentionally using the Internet to engage in unlawful gambling in Indiana or with a person located in Indiana is a Class D felony. Additionally, professional gambling over the Internet, a Class D felony, would be created for knowingly or intentionally using the Internet to engage in pool-selling, bookmaking, maintaining gaming sites, conducting lotteries, any banking or percentage games, or accepting money or other property risked in gambling.

A Class D felony is punishable by a prison term ranging from six months to three years or reduction to Class A misdemeanor depending upon mitigating and aggravating circumstances. The average expenditure to house an adult offender was \$25,087 in FY 2001. Individual facility expenditures ranged from \$18,520 to \$54,465. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the average cost for medical care, food, and clothing is approximately \$1,825 annually, or \$5 daily, per prisoner. The average length of stay in DOC facilities for all Class D felony offenders is approximately ten months.

The Office of the Attorney General would be required to maintain a depository of notices sent by prosecuting attorneys or the Attorney General to the operators of these illegal gambling sites. Staff in the AG's Office do not anticipate any additional resources would be needed to maintain this depository.

Explanation of State Revenues: If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class D felony is \$10,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, or county court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund.

Explanation of Local Expenditures: If more defendants are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average cost per day is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. (2) A \$3 fee would be assessed and, if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed and, if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.

State Agencies Affected: Office of the Attorney General; Department of Correction.

Local Agencies Affected: Trial courts, local law enforcement agencies.

Information Sources: Indiana Sheriffs Association, Department of Correction.
